

BLACK BOX®

The Source for Connectivity®

Softerm PC

Turn your PC into a chameleon. With 31 different terminals to emulate, you'll be able to talk to any host, anywhere. This is our most powerful communications package.

Instant access—the touch of a hotkey calls up the software, ready to put you in touch with your host.

Automate your communications. A powerful script language lets you program Softerm® PC to carry out any communications task automatically.

Need a modem? Our Modem 3242-XB (MD277A) gives you the kind of flexibility you need.

Emulate 31 terminals:

- ADD5® Regent® 20, 25, 40, 60
- ADD5 Viewpoint®, Viewpoint/78
- Data General D200, D410
- Datapoint® Datastation 3601
- DEC® VT52®, VT100®, VT220®
- Hazeltine® 1400, 1410, 1500, 1520
- Hewlett-Packard® 2622A
- Honeywell® VIP 7205, 7801, 7803
- IBM® 3101 Model 1X, 2X
